

**TOWN OF MEDFIELD**  
**WATER USAGE RESTRICTION**

The Town of Medfield has received notice from the Massachusetts Dept. of Environmental Protection to increase the level of outdoor watering restrictions due to decreasing streamflow from the Charles River. Therefore, the Town of Medfield is declaring a mandatory odd/even outdoor watering program. Also, no outside watering should take place between the hours of 9 a.m. and 5 p.m. Thank you for your understanding in this matter. If you have further questions, please contact the Medfield Water Dept. at 508-906-3004.
