RE: Local Initiative Program Application for Comprehensive Permit
Aura at Medfield
50 Peter Kristof Way, Medfield

Dear Ms. Murphy:

The Medfield Board of Selectman (BoS) supports the Local Initiative Program (LIP) comprehensive permit application for the proposed development of a 56 unit apartment building at 50 Peter Kristof Way. The BoS unanimously endorsed the enclosed LIP Application at their meeting on February 19, 2019.

Mayrock Development LLC is proposing the construction of 56 rental units consisting of 31 one-bedroom units, 19 two-bedroom units, and 6 three-bedrooms units; of which 25 percent distributed evenly across one-, two-, and three-bedroom units will be affordable at 80 percent of Area Median Income (AMI). The Developer has met with the Medfield Affordable Housing Trust on October 4, 2018, December 6, 2018, and February 4, 2019 to discuss the proposal. Based on feedback from those meetings, the plans were revised to address comments and concerns regarding vehicular and pedestrian circulation, traffic mitigation, snow storage, building siting and architectural design, and other recommendations made by the Affordable Housing Trust. The Trust voted on February 7, 2019 to endorse the application and recommend approval to the Board of Selectmen. A support letter from the Housing Trust signed by Member Jim Brand is attached to this application.

We are hopeful that the Department of Housing and Community Development will look favorably upon this application and approve the proposed development under the Local Initiative Program. These units will increase Medfield's local housing diversity, which is predominantly comprised of single-family homes for ownership, by increasing the supply of one-, two-, and three-bedroom rental units in an elevator-assisted building. These units will help provide broader housing opportunities within the Town, and the Town will be requesting to exercise Local Preference for 70 percent of the deed-restricted affordable housing units.

Please do not hesitate to contact us if there are any questions or concerns about the application.

Sincerely,

Gus Murby, Chairman
Medfield Board of Selectman

 If yes, please submit a marketing study that demonstrates an understanding of the region's demographics, market demand and the particular strategies necessary to attract buyers to both market and affordable units.

5. Estimate the percentage of the site used for:

Buildings 11% Parking & Paved Areas 19%
 Usable Open Space 37% Unusable Open Space 33%

6. Is any portion of the project designed for non-residential use? Yes
 If yes, explain the non-residential uses. A portion of the building will include space for the local American Legion.

7. Sustainable Development Design and Green Building Practices

In accordance with the Sustainable Development Principles adopted by Governor Patrick's Administration in 2007, DHCD encourages housing development that is consistent with sustainable development design and green building practices. For more information, see Appendix VI.A-1 and VI.B-1 of the 40B Guidelines for a list of links to resources and opportunities related to sustainable development.

A. How will this development follow Sustainable Development Principles? The 10 sustainable development principles are: concentrate development and mix uses; advance equity; make efficient decisions; protect land and ecosystems; use natural resources wisely; expand housing opportunities; provide transportation choice; increase job and business opportunities; promote clean energy; and plan regionally. The project is in keeping with each of these principles. The site is serviced by existing infrastructure (Town roads, Town water and sewer) and located near the center of town (1.2 miles), thereby promoting compact development and proximity to the town center. The site is ideally situated for residential because the surrounding area is developed and lies within walking distance of community services (Goddard School, doctor offices, Wills Hardware Inc, other retail). The property does include wetlands. The affordable housing units would satisfy a regional need for low- or moderate-income housing that is particularly acute in southeastern Massachusetts, where most of the towns are significantly below the 10% goal for affordable housing units set by Chapter 40B. The project would be permitted through a comprehensive permit issued under Chapter 40B, thereby providing a process for

more efficient decision-making whereby the Board of Appeals is the sole permit-granting authority for local bylaws and regulations. The apartments will be equipped with energy-star appliances; in addition, the project will be developed in a way to address concerns with energy efficiency in other ways. For instance, the commercial uses close to the project will include businesses that are useful to residents (grocery stores and so on) in order to prevent unnecessary vehicle trips.

B. How will the project maximize energy efficiency and meet Energy Star Standards? The project will contain Energy Star Appliances, low water usage plumbing fixtures, enhanced insulation, windows and HVAC equipment that are energy efficient.

C. What elements of "green design" are included in the project (e.g. reduction of energy and water consumption, increasing durability and improving health)?

The project will use low water usage plumbing fixtures, enhanced insulation, windows and HVAC equipment that are energy efficient. In addition, the project will use low VOC paints and other green material throughout construction.

The Deposit shall be held and distributed as follows:

2.1.1 The Deposit shall be held by Attorney James J. McKenzie in a non-interest bearing escrow account subject to the terms of this Agreement as set forth herein.

2.1.2 Of the \$100,000.00 deposit \$10,000.00 is non-refundable and payable upon receipt to Seller; the balance of the Deposit in the amount of \$90,000.00 will be held in escrow by James J. McKenzie, Attorney at Law to be disbursed as set forth below.

2.1.3 Buyer shall have an "Investigation Period" of 45 days from the effective date of this Agreement, which is until November 16, 2018, to perform tests, surveys and studies, including, but not limited to, in order to review title to the Real Property, the permitting process, zoning code compliance and to perform environmental and geotechnical testing ("Tests and Studies"). The Test and Studies will be undertaken to determine whether, in Buyer's sole discretion, it will be feasible to go forward with the acquisition of the Real Property. If during the Investigation Period buyer elects not to proceed with this transaction it shall notify in writing Seller and James J. McKenzie, Attorney at Law of same whereupon this Agreement will be terminated and the balance of the deposit in the amount of \$90,000.00 shall be returned to Buyer. In the absence of timely delivery by Buyer to Seller of such written notice, Buyer shall be deemed to have waived its right to terminate this Agreement, except as otherwise set forth in this Agreement. If Buyer does not terminate this Agreement prior to the end of the Investigation Period Buyer agrees that the sum of \$6, 500.00 per month, beginning on the first day of the month that next occurs after the end of the Inves-

tigation Period, which is December 1, 2018, shall be disbursed from the Deposit to Seller by James J. McKenzie, Attorney at Law.

2.1.4 If the Closing takes place in accordance with the terms and conditions of this Agreement, Attorney James J. McKenzie shall deliver and pay the balance of the Deposit then remaining to Seller on the Closing Date, and the full \$100,000.00 shall be credited to Buyer against the Purchase Price due Seller in accordance with the terms and conditions of this Agreement.

2.1.5 If this Agreement is terminated by Buyer in accordance with the terms and conditions of this Agreement, then Attorney James J. McKenzie shall deliver the balance of the Deposit then remaining to Buyer promptly in accordance with the provisions of this Agreement.

2.1.6 If the Closing does not take place under this Agreement by reason of the failure of either party to comply with its obligations hereunder, Attorney James J. McKenzie shall promptly deliver the balance of the Deposit then remaining to the party entitled thereto in accordance with the provisions of this Agreement.

2.1.7 Except for a demand made by Buyer pursuant to a termination of this Agreement by Buyer prior to the expiration of the Investigation Period, upon receipt of a written demand from Seller or Buyer claiming the Deposit, Attorney James J. McKenzie shall promptly forward written notice of Attorney James J. McKenzie's receipt of such demand together with a copy thereof to the other party hereto. Unless such other party, within ten (10) days after actual receipt of such notice, notifies Attorney James J. McKenzie in writing of any objection to such requested delivery of the Deposit, Attorney James J. McKenzie shall deliver the Deposit to the party demanding the same and thereupon shall be released and discharged from any further duty or obligation hereunder by all parties hereto. Notwithstanding anything to the contrary contained herein, Attorney James J. McKenzie shall not deliver the Deposit pursuant to any such demand for the same unless and until Attorney James J. McKenzie has received confirmation that the party not making the demand for the Deposit has actually received notice of said demand and that the time for responding to said demand has passed.

2.2 *Payment at Closing.* At the closing of the transaction contemplated hereby (the "Closing"), Buyer shall deliver to Seller an amount equal to the Purchase Price less the Deposit. The Purchase Price, subject to adjustments and apportionments as set forth herein, shall be paid at Closing by wire transfer of immediately available federal funds, transferred to the account of Seller or such other person as Seller may designate in writing, for receipt by the bank designated by Seller not later than 1 P.M., Eastern Daylight or Standard (as applicable) Time.

3. *Attorney James J. McKenzie as Escrow Agent.* Attorney James J. McKenzie shall hold the Deposit as escrow agent in accordance with the terms and provisions of this Agreement, subject to the following:

3.1 *Obligations.* Attorney James J. McKenzie undertakes to perform only such duties as are expressly set forth in this Agreement and no implied duties or obligations shall be read into this Agreement against Attorney James J. McKenzie.

3.2 *Reliance.* Attorney James J. McKenzie may act in reliance upon any writing or instrument or signature which he, in good faith, believes to be genuine, and any statement or assertion contained in such writing or instrument, and may assume that any person purporting to give any writing, notice, advice, or instrument in connection with the provisions of this Agreement has been duly authorized to do so. Attorney James J. McKenzie shall not be liable in any manner for the sufficiency or correctness as to form, manner and execution, or validity of any instrument deposited in escrow, nor as to the identity, authority, or right of any person executing the same.

3.3 *Indemnification.* Unless Attorney James J. McKenzie discharges any of his duties under this Agreement in a negligent manner or is guilty of willful misconduct with regard to his duties under this Agreement, Seller and Buyer shall indemnify Attorney James J. McKenzie and hold him harmless from any and all claims, liabilities, losses, actions, suits or proceedings at law or in equity, or other reasonable expenses, fees, or charges of any character or nature, which he may incur or with which he may be threatened by reason of his acting as escrow agent under this Agreement; and in such connection Seller and Buyer shall indemnify Attorney James J. McKenzie against any and

all such expenses including reasonable attorneys' fees and the cost of defending any action, suit or proceeding or resisting any claim in such capacity.

3.4 *Disputes.* If the parties (including Attorney James J. McKenzie) shall be in disagreement about the interpretation of this Agreement, or about their respective rights and obligations, or the propriety of any action contemplated by Attorney James J. McKenzie, or the application of the Deposit, Attorney James J. McKenzie shall have the right to hold the Deposit until the receipt of written instructions from both Buyer and Seller or a final order of a court of competent jurisdiction. In addition, in any such event, Attorney James J. McKenzie may, but shall not be required to, file an action in interpleader to resolve the disagreement. Attorney James J. McKenzie shall be indemnified for all reasonable costs and reasonable attorneys' fees in his capacity as escrow agent hereunder in connection with any such interpleader action and shall be fully protected in suspending all or part of its activities under this Agreement until a final judgment in the interpleader action is received.

4. *Buyer's Due Diligence Inspection and Termination Rights; "As Is" Sale*

4.1 *Inspection of Property.* Buyer and its appointed agents or independent contractors shall, at all reasonable times prior to the end of the Investigation Period defined herein, have the privilege of going upon the Real Property to, at Buyer's sole cost and expense, inspect, examine, test, appraise, and survey the Real Property, including, but not limited to, investigations of the physical condition thereof and to determine the status of the Land and the Improvements with respect to geotechnical matters and Hazardous Materials (defined below) and compliance with applicable environmental laws; provided, however, that Buyer shall not perform any sampling or testing of environmental media at the Property until Seller has approved the scope of Buyer's sampling and testing. To this end, Buyer shall present to Seller a reasonably detailed description of the sampling and testing proposed to be performed which includes the sampling locations and analyses to be made, prepared by the engineering firm to perform such work (and, if requested by Buyer, a copy of any Phase I Environmental report previously obtained by Seller), for Seller's reasonable review and approval. If Seller disapproves of such testing, Buyer's sole remedy shall be to terminate this Agreement, in which event the Deposit shall be reimbursed to Buyer and neither party shall have any further obligations hereunder, except for those that expressly survive the termination of this Agreement. If Seller approves such testing, then Buyer shall be permitted to cause such sampling and testing to be performed. Buyer shall, and does hereby covenant and agree to, repair any and all damage caused by the activities of Buyer or its agents on the Real Property and to indemnify, defend and hold Seller harmless from any actions, suits, liens, claims, damages, expenses, losses and liability arising out of any such entry by Buyer or its appointed agents or independent contractors or any acts performed in exercising Buyer's rights under this Paragraph 4.1 (including without limitation, any rights or claims of materialmen or mechanics to liens on the Real Property, but excluding matters merely discovered by, and not caused by, Buyer, its agents or contractors).

4.2 *Inspection of Documents.* The right of inspection described in Paragraph 4.1 above shall extend to, and include, the right to examine, and Seller agrees to make available at Seller's office, all of Seller's records with respect to the Property, including, without limitation, the plans and specifications, the Property Contracts (if any), surveys, and any information Seller may have regarding the zoning status of the Property. In furtherance of Seller's duties hereunder, Seller shall deliver to Buyer within 10 days after the Effective Date copies of the following (the documents described below herein referred to as the "Due Diligence Documents") which it may have in its possession:

4.2.1 Existing building permits, permanent certificates of occupancy or equivalent, regarding the Improvements;

4.2.2 Real estate tax bills with respect to the Property for the immediately prior and current tax fiscal years;

4.2.3 Leases, title and survey, insurance, physical condition and environmental documents;

4.3 *Termination.* Seller acknowledges that Buyer intends to construct a building or buildings of at least 44 affordable housing residential apartment units with parking and other facilities ("Project") pursuant to Massachusetts General Laws Chapter 40B and related federal, state and local requirements and that the ability to construct the Project is contingent upon receiving certain approvals and permits (the "Approvals and Permits") from the Town of

Medfield and other governmental authorities and that Buyer's obligation to purchase the Real Property is contingent upon Buyer obtaining all of required Approvals and Permits, in a final, non-appealable form and substance satisfactory to Buyer in its sole discretion, on or before September 30, 2019. Buyer agrees to promptly and diligently pursue the necessary Approvals and Permits. Seller shall cooperate with Buyer in Buyer's efforts to secure the Approvals and Permits and will take all action reasonably necessary or appropriate to help the Buyer accomplish the foregoing. Seller agrees that if despite Buyer's reasonable efforts the necessary Approvals and Permits are denied, or cannot be obtained by September 30, 2019, or if Buyer determines in its reasonable judgment, that in the process of obtaining the Approvals and Permits, there is no reasonable likelihood of obtaining all of the Approvals and Permits, Buyer may terminate this Agreement, in its sole discretion, by giving written notice of such election to Seller on or before September 30, 2019, in which event (i) the remaining balance of the Deposit in the original amount of \$90,000.00 shall be returned promptly to Buyer and (ii) except as expressly set forth herein, neither party shall have any further liability or obligation to the other hereunder. In the absence of timely delivery by Buyer to Seller of such written notice, Buyer shall be deemed to have waived its right to terminate this Agreement under this Paragraph 4.3, and this Agreement shall continue in full force and effect.

4.4. Title and Survey Matters.

4.4.1 Buyer may at its sole cost and expense obtain a title abstract and a survey ("Survey") of the Property. Buyer shall have until November 15, 2018 to give written notice to Seller of any objections with respect thereto ("Buyer's Title Objection Notice"), indicating in reasonable detail the nature and reasons for Buyer's objections and including with such notice a copy of the summary of the title abstract and/or Survey, together with copies of any documents containing matters objected to in such notice. Failure to give such notice shall constitute Buyer's approval of (i) all title and survey matters disclosed in the title abstract, survey and other title materials, if any, with respect to the Real Property to be delivered by Seller to Buyer, and (ii) all matters set forth in the abstract and the Survey. It is agreed that in the event of a title matter for which a title insurance company is willing to issue so called "affirmative coverage" over a known defect or problem, Buyer shall have the option to accept same.

4.4.2 Seller shall have the right, but not the obligation, to attempt to cure any objections set forth in Buyer's Title Objection Notice. Seller shall notify Buyer within five (5) business days after receipt of Buyer's Title Objection Notice ("Seller's Title Objection Response Period") whether Seller agrees to attempt to cure any objections set forth in Buyer's Title Objection Notice. If Seller so agrees to attempt to cure any objections, then Seller shall have a period of up to forty five (45) days after receipt of Buyer's Title Objection Notice ("Title Cure Period") in order to effectuate such cure. If the Closing Date is scheduled to occur prior to the end of the Title Cure Period, then, upon written notice from Seller to Buyer delivered not less than three (3) business days prior to the then scheduled Closing Date, the Closing Date shall be extended for a period of up to 30 days after the end of the Title Cure Period in order for Seller to continue to effectuate such cure.

4.4.3 In the event Seller gives timely notice to Buyer that Seller will attempt to cure any objections set forth in Buyer's Title Objection Notice, and if this Agreement is not terminated pursuant to Paragraph 4.3 above, Seller shall use commercially reasonable efforts to cure such objections and deliver evidence of such cure satisfactory to the Buyer's Title Insurance Company and Buyer within the Title Cure Period, but in no event shall Seller be required to expend more than a maximum amount Ten Thousand (\$10,000.00) Dollars in the aggregate to effectuate the cure of all such objections (excluding Monetary Liens (defined below), as to which such maximum amount shall not apply). If despite Seller's commercially reasonable efforts Seller fails to cure all such matters within the Title Cure Period or extension thereof as specified in paragraph 4.4.2, Buyer's sole right with respect thereto shall be to terminate this Agreement within five (5) business days after the expiration of the Title Cure Period, in which event (i) the balance of the Deposit shall be returned promptly to Buyer; and (ii) except as expressly set forth herein, neither party shall have any further liability or obligation to the other hereunder. If Buyer does not so terminate this Agreement, Buyer shall be deemed to have waived its objections and to have agreed to accept title to the Property subject thereto, without reduction in the Purchase Price.

4.4.4 Notwithstanding the foregoing, Seller agrees to cure at or prior to the Closing all "Monetary Liens" at Seller's sole cost and expense. The Parties agree that the recording of instruments to discharge any monetary lien may be recorded within a reasonable time following closing in accordance with customary conveyancing practice.

As used herein, "Monetary Lien" means any security deed, mortgage, lien, security interest, monetary judgment, past due taxes or assessments or similar monetary encumbrance upon the Real Property created by Seller or placed on the Property by Seller's actions or inaction. A Monetary Lien shall be deemed cured by Seller if such Monetary Lien is released, satisfied or canceled of record at or prior to the Closing or within a reasonable time following closing in accordance with customary conveyancing practice at no additional cost to Buyer, provided, however, that as to any institutional mortgage, the lien of such mortgage shall be deemed satisfactorily released if written confirmation is received from the mortgagee stating the amount to be delivered at the Closing to discharge such mortgage, in form and substance satisfactory to the Buyer's counsel to remove such mortgage from the list of encumbrances in Buyer's title insurance policy upon payment of such amount to said mortgagee out of Seller's proceeds at the Closing.

4.4.5 If Buyer does not terminate this Agreement pursuant to this Paragraph 4.4, the following matters shall be deemed accepted by Buyer and shall be referred to herein as "Permitted Encumbrances":

4.4.5.1 All matters disclosed in the existing title abstract, survey and other title materials, if any, delivered by Seller to Buyer and all matters disclosed in the title abstract and the Survey to which Buyer does not object or which Buyer is deemed to have accepted pursuant to the terms and conditions of this Paragraph 4.4, other than Monetary Liens;

4.4.5.2 Any liens for such taxes for the then current fiscal year as are not due and payable on the Closing Date, and any liens for municipal betterments assessed after the Effective Date; and

4.4.5.3 The provisions of any building, zoning, subdivision, and similar laws applicable to the Property, so long as same do not prohibit or materially interfere with Buyer's proposed use of the Real Property.

4.5 "*As Is*" Sale. Except as expressly set forth in this Agreement, it is understood and agreed that Seller is not making and has not at any time made any warranties or representations of any kind or character, express or implied, with respect to the Real Property, including, but not limited to, any warranties or representations as to habitability, merchantability or fitness for a particular purpose.

Buyer acknowledges and agrees that upon closing Seller shall sell and convey to Buyer and Buyer shall accept the Real Property "*as is, where is, with all faults,*" except to the extent expressly provided otherwise in this Agreement. Buyer has not relied and will not rely on, and Seller is not liable for or bound by, any express or implied warranties, guaranties, statements, representations, or information pertaining to the Real Property or relating thereto made or furnished by Seller, the managers of the Real Property, or any real estate broker or agent representing or purporting to represent Seller, to whomever made or given, directly or indirectly, orally or in writing, unless specifically set forth in this Agreement. Buyer also acknowledges that the purchase price reflects and takes into account that the Real Property is being sold "as-is."

Buyer represents to Seller that Buyer has conducted, or will conduct prior to closing, such investigations of the Real Property, including, but not limited to, the physical and environmental conditions thereof, as Buyer deems necessary or desirable to satisfy itself as to the condition of the Real Property and the existence or nonexistence or curative action to be taken with respect to any hazardous or toxic substances on or discharged from the Real Property, and will rely solely upon same and not upon any information provided by or on behalf of Seller or its agents or employees with respect thereto, other than such representations, warranties, and covenants of Seller as are expressly set forth in this Agreement. Upon closing, Buyer shall assume the risk that adverse matters, including, but not limited to, construction defects and adverse physical and environmental conditions, may not have been revealed by Buyer's investigations, and Buyer, upon closing, shall be deemed to have waived, relinquished and released Seller (and Seller's officers, directors, shareholders, employees and agents) from and against any and all claims, demands, causes of action (including causes of action in tort), losses, damages, liabilities, costs and expenses (including reasonable attorneys' fees) of any and every kind or character, *known or unknown*, which Buyer might have asserted or alleged against Seller (and Seller's officers, directors, shareholders, employees and agents) at any time by reason of or arising out of any latent or patent construction defects or physical conditions, violations of any applicable laws and any and all other acts, omissions, events, circumstances or matters regarding the Real Property.

The provisions of this paragraph shall survive closing or any termination of this agreement.

4.6 *Buyer's Waiver and Release of Seller as to Certain Actions after Closing.* Buyer agrees that, if at any time after the Closing, any third party or any governmental agency seeks to hold Buyer responsible for the presence of, or any loss, cost or damage associated with, Hazardous Materials (as hereinafter defined) in, on, above or beneath the Real Property or emanating therefrom, Buyer waives any rights it may have against Seller in connection therewith including, without limitation, under CERCLA (defined below), and Buyer agrees that it shall not (i) implead the Seller, (ii) bring a contribution action or similar action against the Seller or (iii) attempt in any way to hold the Seller responsible with respect to any such matter. The provisions of this Paragraph 4.6 shall survive the Closing. As used herein, "Hazardous Materials" shall mean and include, but shall not be limited to, any petroleum product and all hazardous or toxic substances, wastes or substances, any substances which because of their quantitated concentration, chemical, or active, flammable, explosive, infectious or other characteristics, constitute or may reasonably be expected to constitute or contribute to a danger or hazard to public health, safety or welfare or to the environment, including, without limitation, any hazardous or toxic waste or substances which are included under or regulated by law, governmental rules or regulations (whether now existing or hereafter enacted or promulgated, as they may be amended from time to time), including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. Section 9601 et seq. ("CERCLA"), the Federal Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq., similar state laws and regulations adopted thereunder.

5. *Seller's Covenants Regarding Operation of Property.* From and after the Effective Date until the Closing or earlier termination of this Agreement, Seller agrees as follows:

5.1 *Further Encumbrances.* Seller will not grant or purport to create in favor of any third party any interest in the Real Property or any part thereof or further encumber the Real Property without the prior written approval of Buyer, which approval shall not be unreasonably withheld, conditioned, or delayed prior to the end of the Investigation Period but which may be withheld in Buyer's sole and absolute discretion after the end of the Investigation Period.

5.2 *Other Agreements; Property Contracts.* Seller will not enter into any maintenance, management, or other service contracts relating to the Real Property without the prior written approval of Buyer, which approval shall not be unreasonably withheld. Seller will terminate as of the Closing all Real Property Contracts (if any) that Buyer does not elect to assume in writing prior to closing.

5.3 *Insurance.* Seller will continue to maintain in full force and effect all insurance as presently carried by Seller.

5.4 *Violations of Law.* Seller will promptly notify Buyer in writing of any violation of any law, regulation, ordinance, order, or other requirement of any governmental authority having jurisdiction over or affecting the Real Property, or any part thereof, of which Seller receives written notice.

5.5 *Structural Modifications.* Seller will not permit any structural modifications or additions to the Real Property without the prior written consent of Buyer, which approval shall not be unreasonably withheld, conditioned or delayed prior to the end of the Investigation Period but which may be withheld in Buyer's sole and absolute discretion after the end of the Investigation Period.

5.6 *Operation of Property.* Seller shall continue to maintain, operate and manage the Real Property in the same manner that Seller has heretofore maintained and operated the Real Property.

6. *Casualty and Condemnation.*

6.1 *Condemnation.* If prior to the Closing any portion of the Real Property becomes subject to a bona fide threat of condemnation by a body having the power of eminent domain or condemnation, or sale in lieu thereof, which either (A) affects any portion of the Land, Building, parking area or access driveways on the Real Property, then Buyer shall have the right, by giving Seller notice within ten (10) days after receipt of notice from Seller of such occurrence (with the Closing Date to be postponed, if necessary, to give both parties the benefit of the full ten (10) day period) to elect to: (i) terminate this Agreement, in which case the balance of the Deposit shall be returned promptly to Buyer and, except as expressly set forth herein, neither party shall have any further liability or obliga-

tion to the other hereunder; or (ii) close the sale contemplated herein. If Buyer does not have the right to terminate this Agreement or having such right elects or is deemed to have elected not to terminate this Agreement, then this Agreement shall remain in full force and effect and the purchase contemplated herein, less any portion of the Property taken by eminent domain or condemnation, shall be effected without reduction in the Purchase Price. In such event, Seller shall at the Closing assign, transfer and set over unto Buyer all of Seller's right, title and interest in and to any awards paid or payable in connection with such taking.

7. Conditions Precedent to Buyer's Obligations.

7.1 Buyer's obligation to purchase the Real Property at the Closing hereunder is expressly conditioned on the satisfaction at or before the time of Closing hereunder, or at or before such earlier time as may be expressly stated below, of each of the following conditions (any one or more of which may be waived in writing in whole or in part by Buyer, at Buyer's option):

7.1.1. *Accuracy of Representations.* All of the representations and warranties of Seller contained in this Agreement shall have been true and correct in all material respects when made, and shall be true and correct in all material respects on the date of Closing with the same effect as if made on and as of such date.

7.1.2. *Performance.* Seller shall have performed, observed and complied with all material covenants, agreements and conditions required by this Agreement to be performed, observed and complied with on its part prior to or as of Closing hereunder.

7.1.3. *No Material Adverse Change.* There shall have been no material adverse change in the physical condition of the Property, or the laws, rules and regulations governing the use or development of the Real Property between the expiration of the Investigation Period and the Closing.

7.1.4. *Condition of Title.* No new encumbrances or exceptions to title have been recorded pertaining to the Real Property between the date of the title abstract and the Closing that have not been approved by Buyer or that are not removed by Seller or agreed to be removed by Seller prior to or contemporaneously with the Closing, and the Buyer's Title Insurance Company is prepared to issue at the Closing an owner's policy of title insurance (with acceptable affirmative coverage over a known defect or problem) at commercially customary rates, subject only to the Permitted Encumbrances.

7.2. *Failure of Conditions.* In the event Seller shall not be able to convey the Real Property on the Closing Date in accordance with the provisions of this Agreement, then Buyer shall have the option, exercisable by written notice to Seller at or prior to Closing, of (i) accepting at Closing the Real Property in such condition as Seller is able to convey, waiving any unsatisfied condition precedent, with no deduction from or adjustment of the Purchase Price, (ii) extending the Closing Date for up to an additional thirty (30) business days, or (iii) terminating this Agreement, in which event the Deposit shall be returned promptly to Buyer and, except as expressly set forth herein, neither party shall have any further liability or obligation to the other hereunder.

8. Closing; Deliveries.

8.1. *Time of Closing.* Unless the Agreement has been terminated as set forth herein, the Closing shall take place on the earlier of October 30, 2019 or 30 days after Buyer's receipt of all final Approvals and Permits, subject to the terms of Paragraph 4.3 herein (the "Closing Date") (subject to extension only as expressly set forth herein) at the Norfolk Registry of Deeds, unless otherwise agreed to in writing by both Seller and Buyer. If any date on which the Closing would occur by operation of this Agreement is not a business day the Closing shall occur on the next business day.

8.2. *Seller Deliveries.* At Closing, Seller shall deliver to Buyer the following, and it shall be a condition to Buyer's obligation to close that Seller shall have delivered the same to Buyer:

8.2.1 A Massachusetts Quitclaim Deed ("Deed") to the Real Property from Seller, duly executed and acknowledged by Seller, conveying good and clear record and marketable title, subject to the Permitted Encumbrances.

8.2.2 Such affidavits or letters of indemnity as the Buyer's Title Insurer shall require in order to issue, without extra charge, an owner's policy of title insurance free of any exceptions for unfilled mechanics' or materialmen's liens, or for rights of parties in possession.

8.2.3 A Non-Foreign Affidavit as required by the Foreign Investors in Real Property Tax Act ("FIRPTA"), as amended duly executed by Seller.

8.2.4 Keys (or, if applicable, security cards and/or security codes) to all doors in the Building or Real Property, labeled for identification.

8.2.5 All other instruments and documents reasonably required to effectuate this Agreement and the transactions contemplated thereby.

8.3 *Buyer Deliveries.* At Closing, Buyer shall deliver to Seller the following, and it shall be a condition to Seller's obligation to close that Buyer shall have delivered the same to Seller:

8.3.1 Funds by wire transfer in the amount required under Paragraph 2.2 hereof (subject to the adjustments provided for in this Agreement).

8.3.2 A certification by Buyer that all representations and warranties made by Buyer in Paragraph 16 of this Agreement are true and correct in all material respects on the date of Closing, except as may be set forth in such certificate.

8.3.3 All other instruments and documents reasonably required to effectuate this Agreement and the transactions contemplated thereby.

9. Apportionments; Taxes; Expenses.

9.1 Apportionments.

9.1.1. *Taxes and Operating Expenses.* All real estate taxes, charges and assessments affecting the Real Property ("Taxes"), and all operating expenses for the Real Property (other than utilities, which are addressed in Paragraph 9.1.4) ("Operating Expenses") shall be prorated on a per diem basis as of the Closing Date. If any Taxes have not been finally assessed as of the Closing Date for the current fiscal year of the taxing authority, then the same shall be adjusted at Closing based upon the most recently issued bills therefor, and shall be readjusted when final bills are issued. If any Operating Expenses cannot conclusively be determined as of the date of Closing, then the same shall be adjusted at Closing based upon the most recently issued bills thus far and shall be readjusted within one hundred twenty (120) days after the Closing. Buyer hereby agrees to assume all nondelinquent assessments affecting the Property, whether special or general.

9.1.2. *Utilities.* Utilities, including water, sewer, electric and gas shall be prorated based upon the last reading of meters prior to the date of closing. If Seller has paid any utilities no more than thirty (30) days in advance in the ordinary course of business, then Buyer shall be charged its portion of such payment at Closing. Utility deposits shall not be subject to proration; rather, Seller shall be entitled to receive refunds of any deposits it has made, and Buyer shall be responsible for posting its own deposits.

9.2. *Expenses.* Each party will pay all its own expenses incurred in connection with this Agreement and the transactions contemplated hereby, including, without limitation, (1) all costs and expenses stated herein to be borne by a party, and (2) all of their respective accounting and appraisal fees. Buyer shall be responsible for all of the Seller's attorney's fees incurred by their counsel, James J. McKenzie, from and after August 1, 2018. Buyer, in addition to its other expenses, shall pay at Closing (1) all recording charges incident to the recording of the deed for the Real Property; (2) the premium for Buyer's title insurance policy; and (1) all documentary stamps, excise taxes

and real estate transfer taxes and (2) all recording charges incident to the recording of any instruments to discharge or remove encumbrances not approved (or deemed approved) by Buyer.

10. Remedies.

10.1. *Buyer Default.* In the event Buyer breaches or fails, without legal excuse, to complete the purchase of the Property or to perform its obligations under this Agreement, then, Seller shall, as its sole legal and equitable remedy therefore, be entitled to receive the balance of the Deposit as liquidated damages (and not as a penalty) in lieu of, and as full compensation for, all other rights or claims of Seller against Buyer by reason of such default, upon receipt of which this Agreement shall terminate and the parties shall be relieved of all further obligations and liabilities hereunder, except as expressly set forth herein. Buyer and Seller acknowledge that the damages to Seller resulting from Buyer's breach would be difficult, if not impossible, to ascertain with any degree of accuracy, and that the liquidated damage amount set forth in this Paragraph represents both parties' best efforts to approximate such potential damages.

10.2. *Seller Default.* If Seller shall fail to perform any of its obligations under this Agreement, the Buyer shall, at its option either (i) have the right of specific performance regarding Seller's obligation to convey title to the Real Property to Buyer, including but not limited to, requiring Seller to deliver such documents and to make such payments and prorations pursuant to this Agreement; (ii) elect to terminate this Agreement, in which event the remaining Deposit will be promptly returned to Buyer on written demand pursuant to the escrow provisions herein or (iii) waive said failure or breach and proceed to Closing. Buyer hereby acknowledges and agrees with Seller that the terms of the preceding sentence shall constitute Buyer's sole and exclusive rights and remedies in the event of a breach or default hereunder by Seller prior to Closing and Buyer hereby irrevocably waives and relinquishes any and all other rights, in equity or at law, which it might otherwise have against Seller, except as shall otherwise survive termination as set forth in this Agreement, including but not limited to, any action for damages against Seller.

11. *Confidentiality.* Buyer agrees to keep confidential and not to use, other than in connection with its determination whether to proceed with the purchase of the Real Property in accordance with the terms and conditions of this Agreement, any of the documents, material or information regarding the Real Property supplied to Buyer by Seller or by any third party at Seller's request, including, without limitation, any environmental site assessment reports furnished to Buyer, except to Buyer's, attorneys, accountants, consultants, investors and lenders on a "need to know" basis, unless Buyer is compelled to disclose such documents, material or information by law or by subpoena. In the event that the Closing does not occur in accordance with the terms of this Agreement, Buyer shall return to Seller all of the documents, material or information regarding the Real Property supplied to Buyer by Seller or at the request of Buyer. The provisions of this Paragraph 11 shall survive the termination of this Agreement but shall no longer be applicable following Closing in accordance with the terms of this Agreement.

12. *Possession.* If the Agreement has not been otherwise terminated, Seller shall be able to remain in occupancy and use the Premises being conveyed until such time as Buyer receives all necessary Approvals and Permits, subject to the provisions of Paragraph 4.3 herein allowing it to proceed with the demolition of the building housing the Beckwith American Legion Post 110.

13. *Notices.* All notices and other communications provided for herein shall be in writing and shall be sent to the address set forth below (or such other address as a party may hereafter designate for itself by notice to the other parties as required hereby) of the party for whom such notice or communication is intended:

13.1. If to Seller:

14. *Brokers.* Buyer and Seller each represents to the other that it has not dealt with any broker or agent in connection with this transaction except Lorrie Guindon. Each party hereby indemnifies and holds harmless the other party from all loss, cost and expense (including its attorneys' fees) arising out of a breach of its representation or undertaking set forth in this Paragraph 14. The provisions of this Paragraph 14 shall survive Closing or the termination of this Agreement.

15. *Representations and Warranties of Seller.*

15.1. Subject to all matters disclosed in any document delivered to Buyer by Seller or on any exhibit attached hereto, and subject to any information discovered by Buyer or other information disclosed to Buyer by Seller or any other person after the Effective Date and prior to the Closing, including, without limitation, any information contained in the Survey or the title abstract (all such matters being referred to herein as "Exception Matters"), Seller represents and warrants to Buyer as follows:

15.1.1. *No Conflict.* The execution and delivery of this Agreement and the consummation of the transactions contemplated hereunder on the part of Seller do not and will not conflict with or result in the breach of any material terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien,

charge, or encumbrance upon any of the Real Property or assets of the Seller by reason of the terms of any contract, mortgage, lien, lease, agreement, indenture, instrument or judgment to which Seller is a party or which is or purports to be binding upon Seller or which otherwise affects Seller, which will not be discharged, assumed or released at Closing.

15.1.2. *Bankruptcy*. Seller has not (i) commenced a voluntary case, or had entered against it a petition, for relief under any federal bankruptcy act or any similar petition (which involuntary petition has not been dismissed within sixty days of its filing), order or decree under any federal or state law or statute relative to bankruptcy, insolvency or other relief for debtors, or (ii) caused, suffered or consented to the appointment of a receiver, trustee, administrator, liquidator or similar official in any federal, state or foreign judicial or nonjudicial proceeding, to hold, administer and/or liquidate all or substantially all of its assets.

15.1.3. *FIRPTA*. Seller is not a "foreign person" as defined in Section 1445(f)(3) of the Internal Revenue Code.

15.2. *Definition of Seller's Knowledge*. As used in this Agreement, or in any other agreement, document, certificate or instrument delivered by Seller to Buyer, the phrase "to the best of Seller's actual knowledge," "to the best of Seller's knowledge" or any similar phrase shall mean the actual, not constructive or imputed, knowledge of Seller without any obligation on their part to make any independent investigation of the matters being represented and warranted, or to make any inquiry of any other persons, or to search or examine any files, records, books, correspondence and the like.

16. *Representations of Buyer*. Buyer represents and warrants that:

16.1. *Authority*. Buyer is a Massachusetts Limited Liability Company, duly organized, validly existing and in good standing under the laws of Commonwealth of Massachusetts and has all requisite power and authority to enter into this Agreement and to perform its obligations hereunder. 17. *Miscellaneous*.

17.1. *Assignability*. Buyer may not assign or transfer all or any portion of its rights or obligations under this Agreement to any other individual or entity without the prior written consent thereto by Seller, except that Buyer may assign or transfer such rights and obligations to an entity controlling, controlled by or under common control with Buyer without Seller's consent, but with prior notice to Seller. Notwithstanding any such assignment consented to by Seller or permitted hereunder, the Buyer named in this Agreement shall remain primarily liable for the obligations of Buyer set forth in this Agreement. No assignment or transfer by Buyer will be permitted if such assignment or transfer would, in Seller's opinion, cause this transaction to violate any provision of applicable law.

MAP AND PHOTOGRAPHS

NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not necessarily identify all areas subject to flooding, particularly from local drainage sources of size. The community map repository should be consulted for possible updated or additional flood hazard information.

To obtain more detailed information in areas where Base Flood Elevations (BFEs) and/or floodways have been determined, users are encouraged to consult the Flood Profiles and Floodway Data and/or Summary of Stillwater Elevations tables contained within the Flood Insurance Study (FIS) Report that accompanies this FIRM. Users should be aware that BFEs shown on the FIRM represent rounded whole-foot elevations and are not intended to be used as the sole source of flood elevation information. Accordingly, flood elevation data presented in the FIS Report should be utilized in conjunction with the FIRM for purposes of construction and/or floodplain management.

Coastal Base Flood Elevations shown on this map apply only backward of 0.0' from the mean high water line of the 1988 (No D 88) datum. The FIS should be aware that coastal base flood elevations are also provided in the Summary of Stillwater Elevations table in the Flood Insurance Study Report for this jurisdiction. Elevations shown in the Summary of Stillwater Elevations table should be used for construction and/or floodplain management purposes when they are higher than the elevations shown on this FIRM.

Boundaries of the **floodways** were computed at cross sections and interpolated between cross sections. The floodways were based on hydraulic considerations with regard to requirements of the National Flood Insurance Program. Floodway widths and other pertinent floodway data are provided in the Flood Insurance Study Report for this jurisdiction.

Certain areas not in Special Flood Hazard Areas may be protected by **flood control structures**. Refer to Section 2.4 "Flood Protection Measures" of the Flood Insurance Study Report for information on flood control structures for this jurisdiction.

The **projection** used in the preparation of this map was Massachusetts State Plane Mainland Zone (FIPS zone 2001). The **horizontal datum** was NAD 83, GRS 1980 spheroid. Differences in datum, spheroid, projection or UTM zones used in the production of FIRMs for adjacent jurisdictions may result in slight positional differences in map features across jurisdiction boundaries. These differences do not affect the accuracy of this FIRM.

Flood elevations on this map are referenced to the North American Vertical Datum of 1988. These flood elevations must be compared to structure and ground elevations referenced to the same **vertical datum**. For information regarding conversion from the National Geodetic Survey's 1988 datum to the National Geodetic Survey website at <http://www.ngs.noaa.gov> or contact the National Geodetic Survey at the following address:

To obtain current elevation, description, and/or location information for **bench marks** shown on this map, please contact the Information Services Branch of the National Geodetic Survey at (301) 713-3242, or visit its website at <http://www.ngs.noaa.gov>.

Base map information shown on this FIRM was derived from digital orthophotographic base map files were provided in digital format by Massachusetts Geographic Information Systems (MassGIS). Ortho imagery was produced at a scale of 1:5,000. Aerial photography is dated April 2005.

The **profile baselines** depicted on this map represent the hydraulic modeling baselines that match the flood profiles in the FIS report. As a result of improved topographic data, the **profile baseline**, in some cases, may deviate significantly from the channel centerline or appear outside the SFHA.

Based on updated topographic information, this map reflects more detailed and up-to-date **stream channel configurations** and **floodplain delineations** than those shown on the previous FIRM for this jurisdiction. As a result, the Flood Profiles and Floodway Data tables for multiple streams in the Flood Insurance Study Report (which contains authoritative hydraulic data) may reflect stream channel distances that differ from what is shown on the map. Also, the stream channel centerlines for unregulated streams may differ from what is shown on previous maps.

Corporate limits shown on this map are based on the best data available at the time of publication. Because changes due to annexations or de-annexations may have occurred since the date of publication, users are encouraged to contact appropriate community officials to verify current corporate limit locations.

Please refer to the separately printed **Map Index** for an overview map of the county showing the layout of map panels, community map repository addresses, and a listing of Communities at Risk containing National Flood Insurance Program data for each Community as well as a listing of the panels on which each Community is located.

LEGEND

SPECIAL FLOOD HAZARD AREAS (SFHAs) SUBJECT TO INUNDATION BY THE 1% ANNUAL CHANCE FLOOD
The 1% annual chance flood is the flood that has a 1% chance of being equaled or exceeded in any given year. The Special Flood Hazard Area is the area subject to flooding by the 1% annual chance flood. Areas of Special Flood Hazard are shown on this map as follows:
1. **Zone A** - Areas of Special Flood Hazard with a base flood elevation of 1 to 1.9 feet above the base flood elevation of the 1% annual chance flood.
2. **Zone AE** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.
3. **Zone AH** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.
4. **Zone AO** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.
5. **Zone AR** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.
6. **Zone A99** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.
7. **Zone V** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.
8. **Zone VE** - Areas of Special Flood Hazard with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood.

FLOODWAY AREAS IN ZONE AE
The floodway is the channel of a stream plus any adjacent floodplain areas that must be kept free of encroachment so that the 1% annual chance flood can be carried without substantial increases in flood heights.

OTHER FLOOD AREAS
Areas of 0.2% annual chance flood, areas of 1% annual chance flood with a base flood elevation of 2.0 feet or greater above the base flood elevation of the 1% annual chance flood, and areas protected by levees from 1% annual chance flood.

OTHER AREAS
Areas determined to be outside the 0.2% annual chance floodplain.
Areas in which flood hazards are undetermined, but possible.

COASTAL BARRIER RESOURCES SYSTEM (CBRS) AREAS
OTHERWISE PROTECTED AREAS (OPAs)
CBRS areas and OPAs are normally located within or adjacent to Special Flood Hazard Areas.

1.0 SUMMARY

1.1 EXECUTIVE SUMMARY

OHI Engineering Inc. (OHI) was retained by Mr. Ed Coolbirth of Mayrock Development, LLC to conduct an ASTM Phase I Environmental Site Assessment (ESA), Limited Subsurface Investigation (LSI), and Preliminary Geotechnical Evaluation (Geotech) for the “Subject Property” identified as 50 Peter Kristof Way in Medfield, Massachusetts (see **Figure 1 – Site Locus Map**) and is located on the north side of Peter Kristof Way.

According to the Town of Medfield Assessor’s Department, 50 Peter Kristof Way is identified as Parcel ID 48-029 and contains approximately 4.498-acres of land in one parcel (see **Figure 2 – Parcel Map** and **Appendix A – Assessor’s Building Card**). Approximately half of the Subject Property is undeveloped, wooded land. The remainder of the lot contains a 12,872 square foot building that is utilized as an American Legion banquet hall, which contains a conference room, two bars, a commercial kitchen, two small offices, and several storage rooms. The building is built on a concrete slab and was originally constructed in 1970. A majority of the developed portion of the parcel is paved and is utilized for the staging of school buses during off hours. The Assessor’s Department lists Beckwith Post 110 as the current Property owner. The Property is zoned as RS, Residential Suburban 20,000 sq. ft., and is utilized as a banquet hall.

No Recognized Environmental Conditions (RECs) were identified for the Subject Parcel. A Limited Site Investigation (LSI) was completed to assess the potential RECs associated with a former unlined/uncapped landfill adjacent to the Subject Property and the on-Site leaching septic system. The results of the LSI indicate that soil and groundwater at the Subject Property have not been impacted to levels above regulatory standards by the proximity of the former landfill or the septic system. Based on the results of the LSI, further environmental assessment/remediation is not recommended at the Subject Property.

OHI recommends the installation of a passive sub-slab depressurization system beneath the foundation slab to facilitate the venting of methane, should it become an indoor air concern based on the close proximity to the former Medfield Landfill.

1.2 PURPOSE

The purpose of this ESA was to assess for the presence or absence of RECs, Historical RECs (HRECs), or Controlled RECs (CRECs) as defined in ASTM E-1527-13 entitled *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment*. As such, the scope of work, level of inquiry, and implied limitations of this practice were followed and pertain to this assessment.

RECs are defined as the presence or likely presence of any hazardous substances or petroleum products in, on, or at a property: (1) due to any release to the environment; (2) under conditions

indicative of a release to the environment; or (3) under conditions that pose a material threat of a future release to the environment.

HRECs are defined as a past release of any hazardous substances or petroleum products that has occurred in connection with the property and has been addressed to the satisfaction of the applicable regulatory authority or meeting unrestricted residential use criteria established by a regulatory authority, without subjecting the property to any required controls.

CRECs are defined as a REC resulting from a past release of hazardous substances or petroleum products that has been addressed to the satisfaction of the applicable regulatory authority, with hazardous substances or petroleum products allowed to remain in place subject to the implementation of required controls.

The terms RECs, HRECs, and CRECs are not intended to include *de minimis* conditions that generally do not present a material risk of harm to public health or the environment, and that generally would not be the subject of a notification and/or enforcement action if brought to the attention of appropriate governmental agencies.

1.3 SCOPE OF WORK

In accordance with the ASTM standard referenced above, OHI performed the following activities as part of our investigation:

- OHI conducted visual inspections of surface conditions at exterior and interior portions of the buildings at the Subject Property;
- OHI conducted assessment of the Subject Property and surrounding properties for visual and/or olfactory evidence of the use, storage, and/or release of oil and/or hazardous material;
- OHI reviewed readily-available documents and records on file at Town of Medfield municipal agencies to ascertain the history of the Subject Property, to identify characteristics of the Subject Property, and to assess for the presence or absence of RECs, HRECs, or CRECs at and in the immediate vicinity of the Subject Property;
- OHI requested a review of files available at the Medfield Fire Department to ascertain the history of the Subject Property with regard to releases of oil and other hazardous materials at the Subject Property or in the Subject Property vicinity;
- OHI reviewed a report of federal and state (i.e., via an electronic database product) environmental records conducted by a database search contractor engaged by OHI to identify any federal-listed or state-listed sites within the search radii specified in ASTM E-1527-13 and to obtain information on the use, storage and/or release of oil and/or hazardous materials at or near the Subject Property; and,

- OHI conducted a Limited Subsurface Investigation (LSI) consisting of soil and groundwater sampling and analysis. The limited subsurface investigation was completed to provide further information regarding items identified in the ESA as potential RECs.

OHI did not conduct sampling or laboratory analyses to identify asbestos-containing materials, lead-based paint, drinking water quality issues, urea foam formaldehyde insulation, mold, radon, or electromagnetic radiation at the Subject Property.

Local Initiative Program
Department of Housing & Community Development
100 Cambridge Street, Suite 300
Boston, MA 02114
Attn: Alana Murphy, Deputy Associate Director

Dear Ms. Murphy,

I write as an Affordable Housing Trust member and project liaison to brief you on the process and deliberations leading to our endorsement of Mayrock Development, Inc.'s LIP proposal for the American Legion site at 50 Peter Kristof Way, and its subsequent approval by the Board of Selectmen.

The Legion property is listed as a potential project in Medfield's approved 2016 Housing Production Plan and tracked by the Affordable Housing Trust (AHT) since first convening in August of 2017. I was assigned as the project liaison to keep open communication with the property owner and any potential developers, serving as a resource and a way to keep the Trust informed.

The American Legion entered into a purchase agreement with Mayrock Development, LLC in late July of 2018 and Mayrock immediately engaged in the Medfield prescribed "friendly 40B" process. Mayrock proposed a 56 unit four story apartment building comprised of 32 one, 18 two, and 6 three bedroom units, 25% of which will be affordable. Additionally, the proposed development includes a common meeting room and storage room that will be used by the Legion for their meetings and associated materials.

The formal interactions of the AHT and Mayrock are as follows:

August 2, 2018	Intro meeting with Mayrock, Sarah Raposa (town planner) and Jim Brand as AHT liaison
September 26, 2018	Abutter meeting held by Mayrock at the American Legion
October 4, 2018	AHT Meeting #1 – Presented design. AHT requested traffic & market surveys
December 6, 2018	AHT Meeting #2 – Provided material, took additional questions
February 4, 2019	AHT Meeting #3 – Presented final material, AHT voted to endorse to BoS

The abutter meeting had very few abutters in attendance, but had a few other citizen and Legion members in attendance. There were generally no significant objections voiced about the proposed project.

During the formal AHT meetings Mayrock was open to the comments and suggestion of the Trust, and performed requested traffic studies and housing market analysis. These showed a

minimal impact on total traffic, and a satisfactory housing demand and saturation rate for apartments of the type and cost being considered. Concurrently the AHT initiated a “mini market review” through its housing consultant Community Opportunities Group (COG) that looked at Medfield and the neighboring towns taking into account the development that is in the pipeline. This similarly showed market support.

Building size, unit count and traffic were taken into consideration as part of the deliberations; it was generally felt by the Trust that this location could adequately accommodate a development of this size without negative impact to the area.

As it relates to annual safe harbor and our overall position relative to reaching a 10% Subsidized Housing Inventory (SHI), 25% of the apartment units are affordable, allowing the town to receive credit for all 56 units and provide two years of safe harbor for 2020 and 2021. Being self-financed or carrying low debt, there is low risk financing will not come through. This will bring us to a total of 411 units and 9.7% assuming Medfield Meadows receives ZBA approval.

The only other significant development on the near horizon is Rosebay on Pound Street, the proposed 45 unit senior housing development. For several reasons, including those stated in the Town’s comment letter and the development’s dependence on DHCD tax credit funding, it is unlikely that this project would be ready for the Town’s 2020 safe harbor deadline if it proceeds at all.

At the February 4, 2019 meeting the Affordable Housing Trust board vote 4-0-1 (two members absent, one abstained) to endorse this project to the Board of Selectman for consideration, and on February 19, 2019 the Board of Selectmen unanimously voted to approve the Mayrock Development project at 50 Peter Kristof Way as a Local Initiative Project.

We consider this an important project that lines up nicely with our annual safe harbor goals and deployment of our Housing Production Plan and hope that you will favorably consider their application.

Respectfully submitted,
