of Petitioned Article

Creation of Groundwater Protection Committee

Contact information for the lead petitioner:

Name: JEFF Hyman
Street Address: 1 Metacomet Street Medfield MA
Telephone: 508-359-9793
Email: Jeffreyhyman@hotmail.com

Article:

Create a Groundwater Protection Committee that would serve to protect the quality and sustainability of Medfield's water resources. The committee would be comprised of five or more members with expertise in a variety of related fields, including but not limited to water management, conservation, engineering, environmental science, public health and/or communications.

In collaboration with Town administration, other Town boards and committees, and watershed protection partners, the Groundwater Protection Committee would: Identify and review issues that impact Medfield groundwater; promote groundwater preservation and protection; broaden greater citizen understanding of groundwater-related issues; and help to make recommendations to the Town, as needed, for protection strategies. The Groundwater Protection Committee would serve as both an advisory and working committee to achieve stated objectives. It would also seek grant funding, as needed, to support its efforts.

For Board of Selectmen Use Only: DO NOT WRITE IN THIS AREA

VOTER PETITIONED ARTICLE FOR TOWN MEETING

To the Board of Selectmen:

We, the undersigned voters of the Town of Medfield, hereby petition the Board of Selectmen pursuant to MGL Chapter 39, Section 10, to insert the following article in the Warrant for the X Annual Special Town Meeting to be held on May 1, 2023:

To see if the Town will vote to:

Create a Groundwater Protection Committee that would serve to protect the quality and sustainability of Medfield's water resources. The committee would be comprised of five or more members with expertise in a variety of related fields, including but not limited to water management, conservation, engineering, environmental science, public health and/or communications.

In collaboration with Town administration, other Town boards and committees, and watershed protection partners, the Groundwater Protection Committee would: Identify and review issues that impact Medfield groundwater; promote groundwater preservation and protection; broaden greater citizen understanding of groundwater-related issues; and help to make recommendations to the Town, as needed, for protection strategies. The Groundwater Protection Committee would serve as both an advisory and working committee to achieve stated objectives. It would also seek grant funding, as needed, to support its efforts.

Or take any other action in relation thereto.
